

Hello  
My family and I want to sincerely  
thank you for giving us these presents  
through the New Circle organization.

Thanks for being willing to help people  
who you do not know and who are in  
a difficult economical situation.

Thanks for spending money and time to  
choose things for each one of us.

You delivered a serie of presents, but  
for us, we are receiving things that  
we need to begin our new life in Canada.

When my family and I arrived to Canada  
we did not know anybody and we did not  
have anything to begin, but thanks God  
now we were chose to receive help from  
you.

Dear Holiday Angel,

Our family has no words to express our gratitude and thanks. When we received the gifts we could not believe that all these things were for our family. We have experienced so many challenges but for the first time our family does not feel alone in Canada. Although we have never met, I hope you know that you will always be in our thoughts and our hearts. We want to change someone's life, like you have changed ours. When I explained to my children the holiday angels, they were shocked. You teach our family about how kindness makes a difference. We will very much enjoy all the gifts, but what we enjoy the most is knowing that people exist in this community who care so much.

Thank you for your very kind donation, which we received on Sunday 12. I guess no words can express our gratitude, and saying thank you won't be enough. Your generosity did make an immediate difference in our lives.

Since we just arrived in Canada this year, we did not have any chance to give presents to our children, and seeing our kids opening the presents it was a wonderful feeling, it only took an action for them to be happy and forget everything that we went through just to be safe.

*You and your family making a difference!*

The Tower of gifts you sent was amazing! It truly was a tower. We had fun opening each box to see what was inside, and we were never disappointed with what was in there. Thank you for the computer you gave Brandon he really needs it, and also for Kevin's Thomas train track he loves it, he is always playing with his train.

I want to express my appreciation for your generosity in support, even people you don't know.

Thank you very much for each gift and the time it took you. The Zeller's gift card will come in very handy! I hope that your family had a relaxing and peaceful holiday season.

Thanks again for your kindness, God bless you.

Dear

Secret Santa.

Just want to wish you and your family a happy and safe holiday. I thought my life was over last year while I was homeless and I just could not keep my head above water. but as the months went on I learned to open up and share my feelings. and when I was told I have a Secret Santa It made me smile and warm feelings parted through my body. I try my hardest to give my free time to others and I always try to give back to my community. You have shown me the light at the end of the tunnel. and I just can not tell you enough. how happy I became to get an angel like you and your family I wish I can do more. to show my good will but all I can do is say thanks and pray for all that is good in life.

My thoughts are with you and your family for the holidays.
